Research Interests

Econometrics, State Space and Factor Models, Long Memory, Macro- and Climate Econometrics

Professional Experience

Maastricht University, School of Business and Economics
- Assistant Professor (Tenure-Track) of Econometrics — 2024-

University of Regensburg, Economics Dept.
- Postdoctoral Researcher (75%) — 2023-2024
- Doctoral Researcher (75%) — 2017-2023
- Student Assistant — 2016-2017

Institute for Employment Research (IAB) Nuremberg, Macroeconomics Dept.
- Postdoctoral Researcher (25%) — 2023-2024
- Doctoral Researcher (25%) — 2017-2023
- Research Intern — 2016

Princeton University, Economics Dept.
- Visiting Postdoctoral Researcher — 2023-2024

Education

Dr. rer. pol. (Ph.D.) in Economics, University of Regensburg — 2023
- Title: Fractional unobserved components and factor models: econometric theory and applications
- Supervision: Prof. Rolf Tschernig and Prof. Uwe Hassler
- Final Grade: Summa cum laude

M.Sc. in Economics, University of Regensburg — 2017
- Final Grade: 1.03 (on a scale of 1-5; 1=best)

B.Sc. in Economics, University of Regensburg — 2015
- Final Grade: 1.81 (on a scale of 1-5; 1=best)

Third-party Funded Project

Research Grant, German Research Foundation (DFG) 2021-2024

Co-authored the proposal for project "Multivariate fraktionale unbeobachtete Komponenten- und Faktormodelle für die makroökonomische Analyse und Prognose" (234,000 EUR; Applicants: Prof. Rolf Tschernig and Prof. Enzo Weber; title translation: "Multivariate fractional unobserved components and factor models for macroeconomic analysis and forecasting")

Awards and Scholarships

Alumnus of the Lindau Nobel Laureate Meeting 2020

Award for Best Master's Thesis, Economics Dept., University of Regensburg 2017

Award for Best Master's Degree, Economics Dept., University of Regensburg 2017

Student Scholarship, Friedrich-Ebert-Stiftung 2013-2017

Presentations at Conferences

Department Seminar (Maastricht University, invited) 2024
Workshop on High-dimensional Time Series in Macroeconomics and Finance (IHS Vienna)
Int. Association of Applied Econometrics Annual Conference (Thessaloniki)

Int. Association of Applied Econometrics Annual Conference (BI Norwegian Business School) 2023
Int. Conference on Computational and Methodological Statistics (HTW Berlin, invited)

Symposium of the Society for Nonlinear Dynamics and Econometrics (virtual) 2022
Department Seminar (University of Regensburg)
Workshop on High-dimensional Time Series in Macroeconomics and Finance (IHS Vienna)
Annual Meeting of the German Economic Society (University of Basel)
Annual Meeting of the German Statistical Society (University of Münster)
Int. Conference on Computational and Methodological Statistics (King's College London, invited)

Seminar on Long Memory Econometrics (virtual, invited) 2021
Department Seminar (University of Regensburg)
European Summer Meeting of the Econometric Society (virtual)
Annual Meeting of the German Statistical Society (virtual)
Annual Meeting of the German Economic Society (virtual)

Int. Conference on Computational and Methodological Statistics (virtual)

World Congress of the Econometric Society (virtual) 2020
Symposium of the Society for Nonlinear Dynamics and Econometrics (virtual)
Department Seminar (University of Regensburg)
PhD Seminar (University of Regensburg)
Int. Conference on Computational and Methodological Statistics (virtual)

Department Seminar on Statistics and Econometrics (Kiel University, invited) 2019
Econometric Seminar (IAB Nuremberg)
Joint Statistical Meeting of the German Statistical Society (LMU Munich)
Workshop on High-dimensional Time Series in Macroeconomics and Finance (IHS Vienna)
Annual Meeting of the German Statistical Society (Trier University)
Annual Meeting of the German Economic Society (Leipzig University)
Int. Conference on Computational and Methodological Statistics (University of London)

Long Memory Conference (Aalborg University) 2018
Workshop on Statistics and Econometrics (University of Passau)
European Summer Meeting of the Econometric Society (University of Cologne)
Annual Meeting of the German Statistical Society (JKU Linz)
Int. Conference on Computational and Methodological Statistics (University of Pisa)

Referee Service

Advances in Statistical Analysis, Empirical Economics, International Journal of Forecasting, Journal of Business & Economic Statistics, Journal of Labour Market Research, Journal of Official Statistics, Journal of Quantitative Economics, Journal of Time Series Analysis, Statistical Papers, Statistics, World Development

Teaching Experience

Quantitative Economic Research II (Lecture), University of Regensburg — Summer 2024, Summer 2023, Summer 2022, Summer 2021

Graduate lecture (6 ECTS). The course covers advanced time series models, their identification, specification, and estimation. Topics covered are simultaneous equation models, (structural) vector autoregression and (structural) vector error correction models.
Average student evaluation (on a scale of 1-6; 1=best): **1.0** (2023); **1.6** (2022); **1.2** (2021)

Programming in R (Lecture), University of Regensburg — Winter 2021

Graduate lecture (2 ECTS). The course gives an introduction into the programming language R. It covers data analysis and manipulation, flow control, regression, simulation, numerical optimization, bootstrap and efficient programming.
Average student evaluation (on a scale of 1-6; 1=best): **1.3**

Advanced Econometrics (Lecture), University of Regensburg — Summer 2024, Summer 2020

Graduate lecture (6 ECTS). The course details advanced estimation techniques and analyzes their asymptotic properties. Topics covered are the nonlinear regression model, maximum likelihood estimation, generalized least squares, generalized instrumental variables, and the generalized method of moments.
Average student evaluation (on a scale of 1-6; 1=best): **1.3** (2020)

Advanced Dynamic Econometrics (Lecture), University of Regensburg Winter 2019

Graduate lecture (2 ECTS). The interactive course captures state space models and related topics such as filtering, smoothing, and parameter estimation.
Average student evaluation: **not evaluated**

Advanced Econometrics (Tutorial), University of Regensburg Summer 2021

Graduate tutorial (6 ECTS). See above for the description.
Average student evaluation (on a scale of 1-6; 1=best): **1.0**

Advanced Issues in Econometrics (Tutorial), University of Regensburg Winter 2020

Undergraduate tutorial (6 ECTS). The course focuses on panel data and limited dependent variables. It covers causality and evaluation studies, pooled cross section analysis, fixed- and random-effects estimators, instrumental variables and two stage least squares, simultaneous equation models, Logit and Probit models, and models for sample selection corrections.
Average student evaluation (on a scale of 1-6; 1=best): **1.1**

Support in Supervision, University of Regensburg

Master's thesis supervision (5); Bachelor's thesis supervision (2)

Language and Computer Skills

Computer Skills: R, Python, Matlab, C, Stata, EViews, Gauss, LaTeX
Languages: German (native), English (fluent), French (basic)
